

## **GAIL, LanzaTech Tie Up for Carbon Capture Pilot Plan**

**New Delhi:** GAIL has tied up with LanzaTech of the US to explore setting up a pilot-scale carbon capture and conversion project, the companies said in a statement on Tuesday.

“The possibilities coming out of this collaboration with LanzaTech are very promising and significant to improving our carbon footprint,” said Sandeep Kumar Gupta, chairman and managing director of GAIL. “Using LanzaTech’s cutting-edge technology will enhance our environmental stewardship and open up new avenues for driving sustainability across our operations.” —**Our Bureau**

## **GAIL, LanzaTech Enter Strategic Partnership to Explore Biorecycling Carbon Waste into Fuels and Chemicals**

GAIL (India) and LanzaTech Global, Inc., USA, an innovative carbon capture and utilization company have entered a partnership to explore innovative technology solutions that advance GAIL's Net Zero 2040 goals. GAIL and LanzaTech will explore setting up a pilot scale CO<sub>2</sub> capture and conversion project that has the potential to be a role model for converting CO<sub>2</sub> into useful materials instead of emitting it to the atmosphere. Combining LanzaTech's carbon capture and utilization technology with GAIL's renewable H<sub>2</sub> and CO<sub>2</sub> gas streams, the project will enable resource utilization where the building blocks of everyday consumer goods can be made from biorecycled material instead of virgin fossil fuel.
